

Adithya Prasanna Kumar

Architectural Assistant (RIBA Part 2) / Architect / BIM Coordinator

Dubai, UAE

Phone: +971506908796 +91 8546899602 | Email: adithyaprasanna3@gmail.com

LinkedIn: linkedin.com/in/adithya-prasanna

Professional Summary

Architect & BIM Coordinator, Architectural Assistant (Part II) with RIBA Part 2 qualification (London, United Kingdom) and 5+ years of experience across residential, commercial, and sports infrastructure projects in India, Middle East and the UK. Proficient in end-to-end BIM workflows—from 3D modelling and parametric design (Revit, Dynamo) to clash detection, coordination, and documentation using Autodesk Construction Cloud. Skilled in drawing production, site studies, sustainable design integration, and regulatory compliance. Strong communicator with a detail-oriented approach and commitment to continuous learning and innovation

Professional Experience

Sculpt Space, Bengaluru, India | Aug 2025 – Present

Architect / BIM Coordinator / Project Architect

- Coordinating architectural design and BIM delivery for MSR City, Devanahalli, Bengaluru, a 62-acre development with 3200+ residential units, commercial zones, and clubhouse facilities.
- Managing multidisciplinary BIM coordination with Buro Happold, Architect Hafeez Contractor, and Design Cell, ensuring clash-free federated models and timely consultant integration.
- Leading architectural design packages, construction documentation, and detailed coordination drawings for large-scale residential and mixed-use clusters.
- Implementing BIM standards, model audits, and Revit best practices, improving project efficiency and reducing modelling errors across teams.
- Delivering Navisworks clash reports, issue tracking, and weekly coordination outputs to streamline consultant communication and project decisions.
- Overseeing BIM management and Modelling for IUIS Invento the UZEB International School (Uzbekistan) and King's School Abu Dhabi, ensuring accurate multidisciplinary alignment and documentation.
- Managing BIM workflows for Godrej Woodscapes, Godrej Hoskote, Godrej Vastrapur, Godrej residential projects, and other ongoing developments, optimizing models through automation and parametric families.
- Serving as BIM Coordinator and Architect for Bagmane Solarium City and Damascus, ensuring model consistency, interface resolution, and client-standard compliance.
- Developing automation tools and Dynamo scripts to reduce modelling and documentation time across projects.
- Supporting business development through technical presentations, BIM strategy inputs, and early-stage modelling support.

Grano Design, London, UK | Nov 2024 – Aug 2025

BIM Architect / Architectural Designer

- Managed 5+ active residential and commercial projects in UK, ensuring smooth BIM execution using Revit and Navisworks.
- Orchestrated BIM strategy across all projects, improving project efficiency by 15%.
- Streamlined handover processes using Dynamo scripts and add-ins, reducing documentation time by 60%.
- Conducted Revit automation training sessions, increasing team productivity by 20%.
- Collaborated with client BIM teams, integrating their standards into project models and fostering long-term relationships.
- Delivered BIM presentations to stakeholders and supported business development through technical leadership.
- Produced clash-free models, coordinated construction documents, and enforced best modelling practices for faster delivery.

Registrations

- Chartered Member – RIBA
- Registered Architect – Council of Architecture (COA), India
- Registered Architect – Indian Institute of Architects (IIA)

Certifications

- NVQ Level 2 Certification – Broadside Training (2023)
- Software Certifications: AutoCAD, Autodesk Revit, Adobe Creative Cloud, Lumion – LOMOS Archilab, Bengaluru (2019)
- Lean Manufacturing Certification – DOT Company, Honeywell Ltd.
- BIM Certification- Autodesk (2025)

Achievements

- Winner: Pranaah, published by Future Space Foundation, Make Architects, London (2023) – Nature in the City Series Competition.
- Leadership: Chief Coordinator, National NASA Convention (2020).
- Publications: Integrated Handloom Centre, featured by the Institute of Urban Designers India (2021).

Skills

Hard Skills

Building Information Modelling. (BIM)

- Autodesk Revit
- Autodesk AutoCAD
- Dynamo
- Autodesk Naviswork
- Autodesk Construction Cloud
- Enscape
- CoBie
- TwinMotion
- BIM Standards Development
- D5 Render

HGP Architects, Fareham, UK | June 2024 – Nov 2024

Architectural Assistant (RIBA Part 2)

- Contributed to the design and delivery of 7 apartment blocks in Smith’s Farm, Northolt London, (72 flats), complying with UK Building Regulations.
- Focused on RIBA Stages 3–5, producing coordinated packages, technical detailing, and documentation.
- Acted as BIM Architect, developing and integrating architectural models with MEP and structural teams.
- Improved clash detection workflows using Revit and Navisworks, accelerating resolution time by 30%.
- Managed BIM documentation, reducing drawing errors by 25% and ensuring construction accuracy.
- Supported multidisciplinary coordination with external consultants in UK.
- Participated in client coordination and technical reviews, resolving on-site and design issues promptly.

Madbhavi Architects, Bengaluru, India | Aug 2021 – Aug 2022

Architectural Assistant

- Delivered 10+ residential and commercial projects in Karnataka, conducting site studies and managing drainage and landscape planning.
- Coordinated with clients to balance budget, sustainability, and regulatory constraints.
- Introduced BIM practices within the team, standardizing model documentation and improving delivery accuracy.
- Mentored junior architects, and supported project coordination and milestone tracking.

Serenity Perspective Design Studio & Tessera Architects, Bengaluru, India | Nov 2021 – June 2024

Freelance Architect / Interior Designer

- Independently led full project cycles for 5+ residential projects—from design through construction monitoring.
- Delivered Interior Design detailed package from Conceptual Desing, Construction Documents, Detailed Coordinated Drawings to Final renders and overlooked the Construction till Handover.
- Controlled design documentation, addressed structural and MEP coordination issues with sub-consultants.
- Contributed to conceptual designs and competition entries, ensuring alignment with local byelaws and codes.
- Delivered digital presentations and portfolios, tailored for business development and client onboarding.

De Frame Design Studio, Bengaluru, India | Feb 2021 – July 2021

Architectural Intern

- Conducted site surveys and created contextual design proposals aligned with user experience and surroundings.
- Supported the development of urban design concepts, focusing on light symbolism and skyline aesthetics.
- Prepared construction documentation and assisted senior architects in facade and form articulation.

Soft Skills

- Interpersonal:** Strong communication, client liaison, and teamwork.
- Work Ethic:** Resilience, adaptability, proactive initiative, and motivated learning.
- Organizational:** Efficient task prioritization and thorough record-keeping.
- Other Proficiency:** Media Presentations, Portfolio Development, Independent Work, and Confidential Information Handling.

Leadership Roles

- Student Council President | Brindavan College of Architecture | 2017
- Coordinator | International Conference on Architectural Design Wisdom for Safety and Wellness | 2017
- Chief Coordinator | Annual NASA Convention, Bengaluru | 2020

Core Competencies

- Design Representation, Lifelong Learning, Compliance with Specifications, BIM Integration, Sustainable Strategies, Efficient Reporting, Construction, Monitoring, and Client Liaison.

Languages

- English (Native)
- Hindi (Native)
- Kannada

Other Software Skills

- Environment for Revit
- Adobe Creative Suite
- AutoCAD
- SketchUp
- Rhino
- Grasshopper
- Lumion
- V-Ray.

Education

Novatr (oneistox), United States | 2024-2025

BIM Certification (Building Information Modelling)

- Gained end-to-end BIM expertise—from 3D modelling and parametric design to clash detection and project delivery.
 - Developed proficiency in Revit, Dynamo, and Navisworks for model automation and coordination.
 - Utilized Autodesk Construction Cloud for collaborative workflows, documentation, and issue tracking.
 - Applied sustainable strategies within BIM frameworks to support energy-efficient and regulation-compliant designs.
 - Worked in multidisciplinary teams, ensuring seamless integration and communication across project phases.
 - BIM Expertise: Sustainable Design Integration, Model Coordination, Drainage Systems, Quantity Estimation.
-

University of Portsmouth, United Kingdom | 2022 – 2024

Master's in Architecture (MArch) – RIBA Part 2 (Urban Design and Construction Project Management)

- Thesis: Verderecreo: Urban Lagoon and Sports Infrastructure in Bogotá.
 - Focused on sustainability, BIM integration, and alignment with SDG Goals 3, 4, and 11.
 - Designed advanced concepts and technical documentation for urban sports complex.
 - Focused on Construction Project Management and Professional Practice.
-

Brindavan College of Architecture, India | 2016 – 2020

Bachelor's in Architecture (BArch)

- Thesis: Integrated Sports Hub.
 - Designed multifunctional sports facilities incorporating retractable facades, Roof, Seating and vertical farming.
 - Used BIM tools for sustainable design and construction documentation.
-

Major Projects:

1. Smith's Farm, Northholt, London.
2. Social Street (Co Work and Multiple food Cuisines), Electronic City, Bengaluru.
3. Venezia (Italian Restaurant), Jayanagar, Bengaluru.
4. Godrej MSR City, Devanahalli, Bengaluru.
5. IUIS (IUIS Invento the UZEB International School), Uzbekistan.
6. King's School, Abu Dhabi
7. Bagmane Solarium and Bagmane Damascus, Bengaluru
